

## Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board  
895 Aerovista Place, Suite 101  
San Luis Obispo, CA 93401  
Attention: 401 Coordinator

<b>Project Applicant</b>	Brian Foss, Port Director, Santa Cruz Port District
<b>Applicant's Agent</b>	N/A
<b>Project Name</b>	Santa Cruz Harbor Annual Dredging Maintenance
<b>Receiving Water</b>	Pacific Ocean
<b>City/County</b>	Santa Cruz/ Santa Cruz
<b>Public Notice</b>	6/1/07 to 6/22/07
<b>Project Description</b>	<p>The purpose of this notice is to amend the additional clarification issued November 7, 2006.</p> <p>The project amendment includes: dredging of inner harbor sediments may take place from July 1<sup>st</sup> to October 31<sup>st</sup>. An increase in the allowable amount of sediment that may be dredged from the inner harbor and disposed at an upland site or SF-14 from 10,000 cubic yards annually to 35,000 cubic yards annually. An increase in the volume of inner harbor sediment that can be disposed in the nearshore area from 10,000 cubic yards to 20,000 cubic yards annually for sediment that meets standards for aquatic disposal. A total of 3,000 cubic yards of dredged material may be between 50% and 79% sand. The remainder of the 20,000 cubic yards must consist of at least 80% sand.</p>
